

A webinar series curated for health-care professionals, hospital administrators, policy-makers, and researchers on blood research and best practices.

Hosted by Dr. Jeannie Callum and coordinated by Canadian Blood Services, *Breakthroughs in blood: Advancements into action* addresses the “So what?” and “Now what?” of blood science and medical research, with a dedicated focus on transfusion clinical trials and guidelines.

Use of Intravenous Albumin guideline: Moving evidence into practice

September 6, 2024

12:00PM - 1:30PM (ET)

Registration required

Join the third Zoom webinar to hear from Dr. Raza about the **ICTMG Guideline for the Use of Intravenous Albumin** and take part in a panel discussion to understand the impact of this guideline on your current practice. See Canadian Blood Services' professional education website, [ProfEdu.ca](https://www.profedu.ca), for details.
